

# New NTT Colleagues

## —We welcome our newcomers to the NTT Group

Here, we welcome newcomers to the NTT Group. This is a new corner of the NTT Technical Review where we introduce our new affiliate companies.

### **everis**

everis is a multi-national consulting and IT (information technology) services company providing a full-range of offerings covering business consulting, transformation programs, application development, systems integration, application management, and outsourcing services worldwide. It serves over 1,000 clients primarily in the banking, insurance, telecommunications, public, industry, and utilities sectors.

everis began its operations in Madrid in 1996. It reached a turnover of EUR 591 million in fiscal year 2012 and a headcount of more than 10,000 consultants worldwide, purely through organic growth.

### **Optimal Solutions Integration, Inc.**

Optimal Solutions Integration is a new breed of consulting firm dedicated to driving business transformation for companies and public sector organizations of all sizes. As an award-winning SAP® services partner, Optimal provides a comprehensive offering of SAP solutions and services, a proven methodology for accelerated delivery of SAP solutions, deep industry expertise, and a flexible onsite/offshore delivery model that accommodates the reality of business today. Optimal specializes in helping companies maximize the ROI (return on investment) of their SAP applications by planning, deploying, and maintaining world-class solutions in a timeframe the companies require, and at a cost they demand. In April 2014, Optimal started doing business under the NTT DATA brand name.
